

Empowering your life by partnering with horses

The FEEL Certification Program is six months in duration. It consists of seventeen days of on-site instruction spread over three sessions. Many dynamic teachers, with an incredible array of knowledge, are present to support the journey. Small class sizes impart personal attention.

During the six months, there will be individual and group assignments integral to a deeper understanding and first hand experience of this new healing modality.

The Horse Spirit Connections Team is dedicated to your success. All graduates receive FREE ongoing mentoring in all aspects of a successful FEEL practice following their conclusion of the program.

"The FEEL training program at Horse Spirit Connections is truly the most incredible journey of my life. It held the space for me and offered the challenges I needed to look inside myself and decide to live out who I want to be, who I truly am. It awakened me to my soul's purpose, my soul's desire, and it prepared me to walk with strength and courage the path of my heart's desire. I am ready now to be me, because I learned to FEEL."

Christy Clarke - Rothesay, New Brunswick

FEEL Graduates have created an association called the FEEL Alumni which hosts an annual Conference with great teachings and congenial sharing. The FEEL Alumni website is an invaluable marketing tool as well as a resource and open forum for it's members.

"What an incredible experience taking the FEEL Program. This program opened the door for me to step into becoming more of the type of leader I have always wanted to be. I gained invaluable insights that will empower me for the rest of my life. Wendy and Andre, along with other co-facilitators, and the horses, created a very safe place for me to learn the skills needed to facilitate equine based learning experiences for others. Through this program I developed more confidence, trusting, and believing in myself. It was an honor to be a part of a certification program that held such high integrity. I would highly recommend this program!"

Janice de Ville - Boulder, Colorado

Are you ready to leap?

The goal of Facilitated Equine Experiential Learning (FEEL) is about FEELing the experience of the majestic horse that whispers to us about our ability to communicate with others effectively, listen to ourselves authentically and grow exponentially. We offer you a new way of being with yourself, others and horses.

Join this passionate community... the FEEL Certification training is offered in Ontario and BC.

"The FEEL program taught me a great deal about myself and horses, as well as the incredible connections that can happen between horses and humans. It exceeded my expectations by a large margin. I could never have imagined all that FEEL could bring into my life: renewed faith in myself, an incredible bonding process with horses and the beginning of a new adventure in my life that resonates deeply in my heart and soul as being the right one for me. A transformational and life-changing experience."

Dominique Davies - Toronto, Ontario

Do you hear the call of the horses?

This comprehensive training program is suitable for coaches, educators, facilitators, equine professionals, wellness practitioners, and other individuals who are looking for practical training and experience in developing Facilitated Equine Experiential Learning programs in the expanding field of Equine guided healing.

Participants discover their unique gifts and innate talents as they find their niche in this emerging field.

Who are your Teachers?

At Horse Spirit Connections, life changing equine programs have been offered for people of all ages and walks of life since 2005. Andre and Wendy are inspired by the incredible transformations in people and continue to offer workshops and private sessions where profound connections are made with our wise partners and teachers – the horses.

Wanting to impact even more people through the healing power of horses, the FEEL Certification Program was founded in 2008. We are proud to offer the FEEL Certification programs through the expertise and experience of six dynamic individuals with unique gifts and diverse experience.

Participants learn to create a horse-centered, experiential learning environment that supports personal discovery using a gentle process. Throughout the training, prospective FEEL facilitators gain self-knowledge and acquire skills and experience to develop their own FEEL programs where horses are valued for their roles as teachers and therapists. Our certified graduates are now practicing across Canada, the United States and abroad.

What is the Focus?

The Horse – Fresh Insights

Exploring the nature of horses, developing communication skills and assisting their growth in this new role.

The Horse as Your Partner

Shaping the art and dance of relationship between horses and people.

Intuitive Insight

Learning to reawaken your intuition and holding intention.

Spiritual Connection

Honouring the spirit of the horse while awakening a deeper sense of your purpose.

Personal Growth

Expanded self confidence through heart based leadership leading to authentic expression and self realization.

Facilitation Skills

Creating and holding a safe container for learning, sharing, and healing while developing effective facilitation skills within your scope of practice.

Horse Based Activities

Learning theories and practices relevant to FEEL and designing program curriculums from your toolbox.

Business Development

Providing marketing know-how specific to FEEL and entrepreneurial guidance as you build your business.

Horses helping People and People helping Horses
